Date: July 8th 2022

To: Dr. Enric Sala, National Geographic Pristine Seas

Subject: OPA-ACC-2022-48 Interim Approval

Dear Enric,

Your 2022 Animal Use Protocol (AUP), number OPA-ACC-2022-48, entitled “National Geographic Pristine Seas. Canada 2022” has been reviewed and interim approved by the Ontario, Prairie and Arctic Animal Care Committee (OPA-ACC). When the OPA-ACC meets in person, a full approval will be sent as per CCAC policies.

Please be advised that should there be a need to revise the protocol you are requested to contact the OPA-ACC and obtain approval prior to proceeding.

In addition, you are required to submit a brief report within 30 days of completion of the project outlining the unexpected changes to the protocol, the number of animals used and any unanticipated results. If injuries or mortalities occur, an incident report must be provided. A blank copy of these forms will be sent out with your final approval.

Feel free to contact me if you have any questions or concerns.

Sincerely,

Michelle Wetton-Salo
Chair Person of OPA-ACC
